

PINTURAS
CORBACHO

Carta de colores NCS

NCS es el acrónimo de *Natural Color System* (NCS), el sistema de color más utilizado por los profesionales de la pintura industrial.

Fue desarrollado por el Instituto Escandinavo del Color en 1960 y se basa en los estudios elaborados por Hering, que redujo todos los colores visibles a la mezcla de cuatro únicos tonos: amarillo, rojo, verde y azul más blanco y negro.

A partir de las mezclas de colores entre sí y con el blanco y el negro que se van incrementando en un 10% de intensidad, se derivan 13 escalas de color que se consideran un estándar internacional desde 1976.

Debido a los diferentes calibrados de pantalla, la apreciación de los colores puede variar de un equipo a otro, por lo que esta tabla es solamente orientativa. No deje de consultarnos ante cualquier duda.
